## Personal Statement:

My life revolves around my family, school, and softball. Although these are all things we love to do, we can get carried away and take things like this for granted. So thank the lord these things have not been taken away from me, and I am blessed enough to be able to do these things.. Softball makes me compete, it makes me get up in the morning with a goal, to be the best. Softball is like riding a roller coaster, there are so many bumps and turns, but in the end it calms down and you come to a stop. In softball, there are so many injuries, and people talking in the shadows, but this game will take you to college and then to a career, and then to a family and things will begin to settle down. Until then, I will excel myself to my greatest lengths. I am motivated, and I will succeed. School is the most important thing, without having good grades, nothing else can happen. Softball, family, and school, are all my top priorities, and will hopefully take me places.
